From the moment it laid its foundation in the ground the establishment became a recognised educational institute in the city. Its eminence lies not just in the academic success of its students but also in their all round personality and enhanced sense of maturity at a young age. The place was set up with the sole intention of taking upon itself the responsibility of crafting more intelligent and intellectual human beings. Widening their horizon when it comes to their studies as well as their code of conduct when interacting with fellow mates, the college takes the initiative of molding them into better citizens. Overlooking the heart of the city, the college is considerably convenient for a number of its students. Being in an area that is well connected also adds to its advantage.
